## 100<sup>th</sup> day project:

Please in the coming days choose a bag that the children cannot see through and send in 100 items from home. They do not have to be new store bought items, they could be items your child has a collection of in their toys. These are items that the children will spend the day counting, sorting, comparing, writing about, etc. on Tuesday, January 23, weather permitting. For example: pennies, Q-tips, etc. could also be sent in: please be creative and have fun gathering these items with your child.

You can take 10 days and gather 10 things to send in, or 4 days gather 25, or 2 days gather 50 things, or in 1 night gather 100, but spreading it out over a few days is suggested! 😊 As soon as you have gathered them you may send the bag in early and I will keep for the 100<sup>th</sup> day of school. This day is subject to change if any snow comes.
